

2024

Quality Improvement Plan Summary

Pooraka Community Kindergarten

Service approval number: SE-00010798

Goals

Improve children's ability to communicate their needs, feelings and ideas.

If we implement a consistent whole site approach to support's children's communication then children will demonstrate an increasing ability to express themselves and communicate their needs, feelings and ideas with peers and adults.

Challenge of Practice

Success Criteria

Through daily pedagogical documentation Educators will see children:

- using pre-verbal, Augmentative and Alternative Communication and/or verbal modes of communication with peers and educators daily.
- communicating personal experiences.
- engaging in reciprocal conversations about their play with peers and educators.
- starting to answer questions that require them to take another's perspective (needs, feelings and ideas).

National Quality Framework Priorities

Increase cultural collaboration with families. Increase reciprocal engagement with families to reflect what is important to them, influenced by family and community life (culture).

Each child is supported to regulate their own behaviour. Implement our BSEM Plan.

Key steps

- Publish a PCK cultural calendar in Week 0 as a beginning working document.
- Invitation to families to participate, engage, share (building connections).
- Build capacity with BSO's to establish relationships with families and invite participation.
- Initiated conversations with Pooraka PS about how we can work together with our families and sites.
- Posting to Class DOJO, inviting families to contribute personal experiences and participate in planning experiences.
- Build Educator Capacity in implementing TIP Pedagogy (Zones of Regulation).
- Embed responsive strategies into our practice to support co/self-regulation (for children, staff and families).
- Embed use of Regulation Plans for all children (and staff).
- Update and improve Wellbeing (Interoception) Space within our classroom
